

**REMARKS**

At page 14, lines 8-9, of the Remarks portion of the Amendment filed May 10, 2011, it was stated that "Since the carbon fiber has a high bulk density, it is very difficult to increase the electrode density".

In this Supplemental Response, Applicants advise that this sentence at page 14, lines 8-9, of the Amendment should have read "Since the carbon fiber has a low bulk density, it is very difficult to increase the electrode density".

Applicants respectfully request the Examiner's consideration of the Amendment filed May 10, 2011 in view of this correction.

In the event that the Examiner believes that it may be helpful to advance the prosecution of this application, the Examiner is invited to contact the undersigned at the local Washington, D.C. telephone number indicated below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,
